Dear Parents and Caregivers,

There have been a large number of camps and excursions this term. I would like to congratulate all teachers for their planning in providing great learning opportunities outside of the classroom. The feedback I have received from parents and external organisations is that our student participation, interest shown and behaviour has been exemplary. Thank you to the parents and SSO’s who have accompanied these classes in their own time. This cannot be overstated as we would not be able to conduct camps without your involvement.

National Child Protection Week
We all have a right to be safe!
This week, 6-12th September is National Child Protection Week – Protecting children is everybody’s business. The wellbeing and safety of our students is our number one priority and as such all teachers are trained in learning programmes related to Child Protection and Safety. Our obligation is to ensure that effective abuse prevention programs are implemented and that all children and young people have access to the approved child protection curriculum. The SRC will be running a range of programmes next week in relation to wellbeing that cover many issues that support child protection.

Interviews
Please look for the letter in relation to parent/teacher/student interviews for Years 7-11 in the coming weeks. This is another opportunity to do forward planning for next term, discuss the Naplan results and also discuss subject selection for 2016 and beyond.
Year 12’s will be receiving written reports at the end of Week 10.

Kind regards,

Jan Burton

Cowell Area School Wellbeing Week
14th to 18th September

Activities during the week:-
All students- dance session a fun walk/run and a ‘dress for comfort’ day
All students - can choose walking to school, breakfast before school, mind games and a healthy snack at lunch
Students in Years 3-9 – Cooking healthy snacks
Students in Years 6-12 and parents– Guest speakers
Students in Years 3-12 – Can choose to make stress balls
Students in Reception to Year 6 – Healthy spines, hygiene and bike safety

For more information, please see the section later in the newsletter about the parent seminar, the letter that was sent home yesterday or please ring the school.

Please note that a session for adults and students in Years 7-12 will also go ahead early next term regarding the need to make smarter decisions about lifestyle choices.

Sponsors and contributors for the week include; Cowell Area School SRC, The Cowell Interchurch Council, Parents and Friends, Franklin Harbour Button Club, Ben Earle, Jasmin Piggott, Sophie Cohen and Karen Hannemann from Eastern Eyre Health, and Louder Seminars.

SCHOOL NEWS

25 Reasons Why My Local Public School Is Great

1. Caring staff, aware of complexities and diversity within the local community
2. Non-denominational; accepting and respectful of all religions and beliefs within the school and local community
3. Inexpensive, affordable school fees
4. Facilities targeted for children's education
5. Strong focus and attention on students, who are considered as the prime clients
6. Learning programs that meet the needs of each child
7. Students and parent can walk to school, creating less traffic congestion
8. Clear and openly evident stance against bullying
9. Students form friendships networks within their local neighbourhood
10. Welcome access for community use of school facilities after hours
11. Creates a strong sense of community, often the hub of the community
12. Prepares students for life through the acceptance of differences and the development of resilience
13. The staff never give up on anyone, child or parent
14. Offers learning opportunities and work opportunities to adults within the community – teachers and volunteers – who may not get a fair go elsewhere
15. Has solid links with other government agencies, which helps to support student and their families
16. Staff continually seek ways to make all children literate and numerate for their world
17. Helps students understand cultural differences on a daily basis, both discreetly and overtly
18. Connected to local community centres and local businesses
19. Provides the catalyst for families getting to know each other in the local community
20. Builds a sense of community and a sense of belonging
21. Responsive to individual needs
22. Works closely with and for families that need support
23. Provides education for all, and not selective of potential enrolments
24. Creates employment in small towns/communities
25. Provides and consolidates strong values base for students

SEPTEMBER
15/9—Natashia Inglis

Year 10/11 HPE Bushwalking Camp - Cowell Hills

We began just east of Middle Camp - climbed Mt Parapet and walked in a westerly direction, to the boundary fence of the Middle Camp Conservation Park. From there we followed the fence (and fire track) and headed north to Coolanie. We came out on the road near Ulgera Gap and then stayed overnight in the Coolanie Church. After a 'wake up' climb in the morning (nearby hill with three towers), we walked cross country to Piggott's farm house where we had previously left our bikes. With a strong wind behind us, we cycled back to Cowell. We learned new skills including cooking on trangias (meths stoves) and navigation. The scenery was lush and we saw many animals. Dan kept us entertained around the fire in the evening.

Thank you to the Coolanie Church Council for allowing us to stay in the church and land owners for permission to walk in the area.

Y10/11 HPE students and Colleen Peters - teacher.

LOST PROPERTY BOX IS OVERFLOWING
Please come into the front office & see if any of the items in this box belong to you or your child/children.

“THAT SUGAR FILM” DVD

“That Sugar Film” is one man’s journey to discover the bitter truth about sugar. Damon Gameau embarks on a unique experiment to document the effects of a high sugar diet on a healthy body, consuming only foods that are commonly perceived as ‘healthy’. Through this entertaining and informative journey, Damon highlights some of the issues that plague the sugar industry, and where sugar lurks on supermarket shelves. "That Sugar Film” will forever change the way you think about ‘healthy’ food.

Congratulations to our Book Week Short Story Competition Winners.
Jamie Mengersen—Year 3
Thomas Beinke—Year 6
Mikayla Harding—Year 9
Tahli Zanet—Year 8
Illa Cotter—Year 11
Rebecca Inglis—Year 11

Special Mention to Sean Norsworthy, Chloe Frost and Paige Hanold all in Year 6.
Thank you to everyone that entered.

SPRING has SPRUNG! (finally!)
I welcome the change to warmer weather with much delight!
Lots of things are happening in the school at the moment, it’s tricky keeping up with it all.

Week 9 there will be a huge focus on ‘WELL BEING’.
The SRC are doing a great job organising lots of exciting events and different ways we can focus on ‘looking after ourselves’.

On Thursday the 17th there will be seminars taking place in the Library for students in years 6-12.
These seminars are based around making decisions, consequences/positive results, what we want our future to look like and training our inner voice to be louder than any other, developing the ability to deal with challenging circumstances, building resilience and understanding the power of our thoughts.

There will be a Parent Seminar in the evening at 7pm in the library. I urge everyone with a child to attend, especially if you have a teenager!
The end of term can be tiring so please continue to encourage your students to eat healthy, be active and get lots of sleep.
- Jess

YEAR 6 CAMP TO ADELAIDE

Intro
The year 6 class went on a camp to Adelaide we went to the Botanic Gardens, Parliament House, Fasta Pasta, ice skating, Government House, the Festival Theatre, the Maritime Museum and the Planetarium.

Day One
On day one we all got to the bus at lunch time ready to pack our stuff in the bus and leave for Adelaide. I went in the car with Kaden, Ruby, Mikayla and Monique, we stopped at a petrol station on the way to Adelaide. When we got to the camp it was raining and we had to unpack the cars and bus.

Day Two
On day two of the camp we went to the Botanic Gardens to find some information about some of the plants there. After we were at the Botanic Gardens we walked to Parliament House where we got to meet our representative Peter Treloar. Mr Treloar took us on a tour of Parliament House and we got to learn a lot about the history of the building. After the tour of Parliament House we went to the Migration Museum where we were going to do some hard activities but we did some easier ones because we were tired. We learnt about people who came to Australia when there was the white Australia policy and the ten pound poms. We stopped in at the State Library of South Australia then walked over to Rundle Mall to eat tea at Fasta Pasta. We filled our stomach ready for ice skating but we were late to ice skating so we had to wait half an hour before we got a turn but we played chasy outside. Most people had a go at ice skating but some people didn't, a lot of people got how to ice skate in the last five minutes but we had to go.

Day Three
On Tuesday we went to Government House where we got a tour of Hieu Van Le’s house by two volunteer guides. After Government House we went to an exhibition in the South Australian Art Gallery which was all about art in the Age of Spices. At the gallery we got an art lesson and we had to paint a picture of spices or some flowers. When we were finished at the Art Gallery we went to eat lunch at the Festival Theatre’s amphitheatre. When we were having lunch a swan walked up to us and Thomas, Nash, Sean and Kaden started playing with the swan. After we finished lunch we went for a behind the scenes tour of the Festival Theatre, where we went into a theatre and a lady was playing a part and the guide tricked us and said that the woman wasn’t meant to be there. The lady appeared three more times after that one as the same lady, one as Chompsky a human-like dog auditioning for a part in a play called Silvia which was about a dog and one more time as a cleaner.

Day Four
On Wednesday we woke up at seven o’clock so we could get ready by eating breakfast, making lunch, having showers and getting recess. After getting ready we went to the zoo and we went to a room where we could learn about the environment. In the room the person there got out a snake so we could touch it if we wanted to. After the room we went out into groups and got an activity. After the Zoo we had lunch at the park then went to the Maritime Museum where we learnt about how life was on the immigration boats and how hard it was to do things on a rocking boat in the sea. When we were finished at the Maritime Museum we went to go and hop on a boat. After the boat ride was finished we went to a light house and got an activity but we didn’t have to do it. The light house was big and we got to go to the top of it. We had tea at an Indian restaurant called Darshani’s. We had butter chicken and naan bread. After tea we went to the Planetarium where we learnt about astronaut training and what you have to do to be one. We got back at about nine o’clock and went to sleep.

Day Five
We woke up at about seven again and had breakfast, and then we packed up our stuff on the bus and went home again. It was about a six hour long trip back to Cowell and when we got there all our parents were there to take us home after we cleaned up the bus. The next day at school only Kaden and I turned up.

By Mac Cotter
YR 7 CAMP TO FLINDERS RANGES

Tuesday 25th August
At 9:15 in the morning we left school headed for the Flinders Ranges. We stopped at Quorn for lunch at the park and had a look at the Railway Museum and the WWI Turkish Field gun they had on display next to the park. We drove for a bit and then stopped at some really cool old houses called the Kanyaka Ruins and had a look at the graveyard there. Next we stopped at the Hawker Roadhouse for refreshments, to refuel and to have a look at the fossils, rocks, emu eggs and the seismograph that they had there. Once we arrived at Wilpena Pound we set up camp and a woman called Katherine talked to us about some native animals that have been reintroduced into the area and talked about a very unique animal called a quoll.

Wednesday 26th August
On Wednesday morning we prepared for the 22 km walk/hike to the highest mountain in the Flinders Rangers called Saint Mary’s Peak. When we set off for Saint Marys, we walked for what seemed like ages, until we stopped at an old homestead and had something to eat. We went a bit further up the track to Cooinda Camp and then up to Tanderra Saddle, where we had lunch and decided who would go back and who would venture on. Once we reached the top of Saint Marys Peak the view was unforgettable and we were the first class where every student made it to the top!

Thursday 27th August
The next day we prepared for yet another walk and we had a choice to do a 1 hour walk to Arkaroo Rock to have a look at some Aboriginal paintings or a 3 hour walk to Menarie Gap where again the view was awesome. We all chose to do Menarie Gap, not all of us made it but for those who did it was an awesome experience. After we got back from Menarie Gap we had a little break and then we had an Aboriginal called Terrence come and take us to a creek called Sacred Canyon. We looked at some old Aboriginal carvings in rock faces and he told us what they meant and the stories they told. Later that day after night fall Terrence came back and taught us some songs and stories about his life and his totem animal.

Friday 28th August
On Friday we all had breakie and packed up our tents and swags and headed off for Cowell. We stopped at Quorn again for recess and had a hit of cricket and kicked the footy for a bit and some of us went to a cool little antiques store across the road from the park. We stopped at Whyalla for lunch and most of us got Subway and frozen cokes from Maccas and ate in the park. Once we were in Cowell we unpacked the bus and headed home.

I thought camp was an amazing experience and I would love to do it again.

A big thank-you to Matt Franklin, who drove the bus and to Dee Cook who came along too and drove her car for a support vehicle. You both were great help and great company too.

By Matthew Oldfield
COWELL AREA SCHOOL POLO SHIRT/SHORTS ORDER FORM

After surveying all students and many parents, the design of the new uniform (shorts and polo-shirt) has finally been decided. These designs are displayed on this page. Please take note that the yellow polo-shirts that students are currently wearing will not be phased out until the end of 2016, and families will be able to still purchase these. These polo shirts will be available until stocks run out.

Initially the new garments will be available to interested families through a pre-ordering process. Please order using the order form below, returning to the school by Friday the 18th of September. The manufacturer estimates that stocks will be available from early to mid-term 4.

Payment will need to be made to the school on collection when the garments have arrived. Please note that the school will also go ahead and make a bulk purchase of shorts and polo shirts for the beginning of the 2016 school year.

If you would like any more information, please do not hesitate to ring the school.
