**Staff Recognition**

Congratulations to Ms Porteous and Mr Barker, who were nominated in the “A Day Made Better” initiative run by OfficeMax. Teachers from around Australia could be nominated by staff, students or parents in recognition of exceptional teachers who do more than just teach – they inspire, nurture and encourage students to build knowledge, confidence and life-skills.

A fantastic effort!

**Attention: Road Safety Concerns**

It has been brought to our attention that some drivers have been using their mobile phones whilst driving past the school. Apart from the illegality of this practice, we are particularly concerned about the safety of our students crossing the road.

Please stay off your phones and stay alert!

**Catch Up with a Cowell Kid**

Apologies for no Catch up with a Cowell Kid last week but I was absent at the beginning of the week and didn’t get to have my chat. This week I caught up with some very chatty and energetic Year 4/5 students – Sid McFarlane, Brandon Schultz, Sharni Flavel and Adara Chase, who probably could have kept me talking all afternoon.

I asked each of the students how they would describe themselves and with a little help from the others, they came up with some great ideas. I love the way they were honest and happy to be proud of their abilities and characteristics.

Sid was quick to comment on his sense of humour – describing himself as funny, smart, sporty and someone who likes to teach others. Adara, who is also a bit of a comedian, sees herself as a jokester, not very fast, a good dancer and someone who likes to help people, so would like to be an Ambulance Officer or ‘lovely’ children and would like to travel to the UK. Sharni likes basketballer or Youtuber). He wants to get married and have 3 kids and go to Hollywood.

Farmer (and play for the Thunderbirds). She would like to work in a pet shop or become a Mounted Police Officer. Brandon would like to be an Electrician (in between being a famous footballer, cricketer, or Farmer, have a wife and 2 kids and go somewhere on a plane. Sid has many ambitions but mostly would like to become a Farmer, have a wife and 2 kids and go to Hollywood. Brandon would like to be an Electrician (in between being a famous footballer, cricketer, basketballer or Youtuber). He wants to get married and have 3 ‘lovely’ children and would like to travel to the UK. Sharni likes to help people, so would like to be an Ambulance Officer or Farmer (and play for the Thunderbirds). She would like to have 2 kids and go to Hollywood.

**FROM THE LEADERSHIP TEAM**

Well a lot has happened in the last week – we certainly learnt how reliant we are on power and technology on Thursday and Friday when the electricity and phone coverage went out, but we managed to get through with minimal disruption. I hope everyone didn’t lose too much from their fridges and freezers (we had to have a bit of a cook up of sausages and oyster kebabs at lunchtime on Friday) and actually enjoyed some time with their families without the distraction of phones, tv, ipads and other technology.

However, the most exciting thing for me was that I found out I have been re-appointed as Principal at Cowell for the next 5 years. I would like to thank the staff, students, Governing Council and parents who have supported me over the last 4 terms and am looking forward to lots of positive times ahead. Our dedicated staff is working hard to make Cowell Area School an even better place for your child’s learning and the school of choice for providing a high quality, innovative education where every child matters.

I’m thrilled to be able to continue as part of such a motivated community, and contributing to challenging every child to reach their true potential.

**Newsletter survey**

Over the last few weeks, we have been conducting a survey about the school newsletter. Thank you to the 42 respondents (which represents about 45% of our families), who contributed their feedback. We have included the feedback for you to look at; the Community Engagement group and Leadership team will be looking at this further and planning for ways to improve our communication even further. We were really pleased with the responses and will be taking your ideas on board.

**Elevate Education**

Elevate education will be conducting seminars with our Year 9-12 students on Tuesday Week 10. Students from Kimba will be travelling down and joining us in sessions on Time Management, Memory and Mnemonics and Study Sensei (planning, mind-mapping, note taking). This is a great opportunity for our students to hear from young presenters who have recently faced high school themselves, to eliminate the myths about study and help students in the way they approach study.

**Barb’s Community Concert**

The Community concert will be held on Friday September 23rd and we are hoping to have lots of our students, families and friends attend. The funds raised from the concert go towards the school and we are very grateful for the support shown by the community. The staff are getting geared up for their performance, which promises to be highly entertaining. We are asking for donations of supper on the night, which can be dropped off at the Institute supper room from 6:45.

Can families of students in Reception –Year 6 please provide a savoury and Year 7-12 a sweet. It would be very much appreciated!
All of the students were really positive about their learning and didn’t have to think too hard about the things that they enjoy doing at school.

Brandon likes the fun play equipment, drawing in Art, PE and reading (especially Roald Dahl); Sharni enjoys Maths, PE, Art, Reading, Science and Geography (in fact there isn’t much she doesn’t like); Sid’s favourite subject is Maths because he likes to test himself to see if he can solve problems and he likes coming to school to learn new stuff and meet up with his friends; Adara likes Art and PE the most and just hanging with her ‘bros and brosettes’!

Finally, I asked the students to give me some advice now that I will be Principal for the next 5 years. Sid suggested that I get around at lunchtime and talk with people in the yard, take kids gardening and not let the older kids have mobile phones because kids need less screen time (wise words!). Adara would like me to keep the little kids away from the middle primary side of the yard because they waste water at the taps and are always ‘silly’. Sharni thought I could visit classes and help students with their work. Brandon had several suggestions ranging from splitting the dance classes into class groups, having a games room with ipads and stuff at lunchtimes, and swapping yard play areas for a day.

I’m sure they could’ve come up with a lot more, but sadly, our time ran out and they had to return to class. I look forward to catching up with some of the Reception students next week – Jan Posthumus, Harrie Kuhn, Ava Walsh, Riley Roberts and Zoe Flavel.

---

**DATES TO REMEMBER**

**TERM 3**

| WEEK 8  | 14/9 | - Pool Management AGM 4pm in Library  
|        |      | - Yr 6 & 7 Cricket in Lock  
| WEEK 9  | 22/9 | - SPELD Parents Information Evening  
|        | 23/9 | - Student Free Day  
| WEEK 10 | 27/9 | - Yr 8 & 9 A Side in Lock  
|        | 28/9 | - Yr 7 Aboriginal Education Session  
|        | 29/9 | - Yr 4, 5 & 6 Aboriginal Education

Signed: ________________________ Date: ______/_____/______
HOW TO ENCOURAGE YOUR CHILD TO LOVE LEARNING

Those of us who have children would like them to develop a passion for learning. Children who develop a passion for learning at an early age continue the process throughout their lives and benefits can include more successful, being more interesting, and being a happier person.

Steps that can help ignite passion in your own child include:

- Talk with your child about the things you read and hear, especially the things you find interesting. Ask your kids how they feel about various issues. Encourage them to express their own opinions.

- Pursue your own hobbies and interests and encourage children to have interests/hobbies of their own. Share these with your child, but do not require that he or she follow your pursuits.

- Read - on your own and read to your kids. Have books in the house.

- Expose your child to a wide variety of experiences. These could include music, plays, sports, museums, travel, reading, dance, games, food, puzzles, ethnic activities, etc.

- Play "thinking games" with your kids. Scrabble and chess are examples. Emphasize the value of thoughtful moves rather than the importance of winning.

- Parents are often a child’s best teacher.

- Provide your child with free time - to discover, explore and to day dream.

- Foster independence by letting them do things by themselves, like pealing a banana and picking out clothes to wear.

- Let them know that school is important. Attend school functions, volunteer in the classroom if possible, and communicate with the teacher. Ask the teacher what you can do to help your child.

- Celebrate achievements, no matter how small

The above list provides some examples of how the love of learning can be fostered in our children. Many more ways exist, and this topic can be studied further by searching the Internet. Some sites appear below:

MENTORING EP

Cowell Area School in association with Eyre Futures Mentoring EP is establishing a Local Community School Mentoring Program. The Program provides a structured and trusting relationship that brings young people (Students) together with caring individuals (Mentors) who offer guidance, support and encouragement for 1 hour per week during School time.

If you can spare 1 hour per week and want to be involved in Mentoring or know someone who may, please accept our invitation to attend an information session at the District Council Office at 2pm on Wednesday 21st September.

We encourage anyone who enjoys being with young people, is able to communicate and listen effectively and are looking to make a positive difference in a young person’s life to contact us at the School on 885 4137 or Faye Davis Eyre Futures Mentoring EP Coordinator on 0429 821 741.

Literacy and maths tips to help your child

Doing Maths together at home
Before school to Year 2.

USING PLAYING CARDS

- Play matching number games with playing cards.
- Put cards in order from largest to smallest by counting the shapes (hears, spades) or using the numbers on the cards.

ASKING QUESTIONS TO INVESTIGATE

Ask your child questions to encourage them to investigate maths:

- What shapes can you see?
- How could we measure the…?
- How will we find half?
- What is the best way to share….?

For helpful parenting tips check out this website:
Recently the SRC has been keeping very busy with several tasks that we are currently undertaking. One half of the SRC has been productive in making arrangements for the schools Gala Day, which will be held in the midterm 4. In addition to this the same group has been planning a whole school dress up day scheduled for the last Friday in term 3. The second half of the SRC has been busy doing routine uniform checks and positive points across the whole school where the students are eligible to win points for their own house team. This week’s positive point’s criteria is a student who has a positive attitude and outlook towards school.

**Operation Christmas Child Project**

With three weeks to go, it’s not too late to start packing a shoebox or donate gifts.

We are collecting small gifts that will fit into a shoebox with at least 5 other items. (so they really do have to be small!) Our gift ideas were something to wear, love, play with and something special or for personal hygiene.

We accept donations towards the postage of our boxes as well. Many thanks to the two generous gifts of money received so far towards this.

Many thanks - Ruth Tonkin. (0484346991)

**Become a Community Mentor at Cowell Area School**

Share your life experiences & skills to help a young person achieve & develop!

The Local School Community Mentoring program is an initiative to assist young students in:

- Engaging with education & training
- Career guidance
- Transfers from primary to secondary school & into the workplace or further study
- Support with social or being skills

What is Mentoring?

Mentoring in schools provides a structured & trusting relationship that brings young people together with caring individuals who offer guidance, support & encouragement.

Community Mentoring occurs during school hours at mutually convenient times on a one-to-one basis for one hour per week. The relationship & commitment to support a young person is key to effective Mentoring.

- Help make a difference in the life of another
- Watch a young person develop
- Support your local school
- Support your local community

---

**Are you a good listener?**

**Would you like to make a positive contribution to help a young person?**

**Do you have one spare hour a week?**

**If you answered “Yes”**
