## ACTING PRINCIPAL'S NEWS

Hello All,  
As Jan is away for the next two weeks, I will be keeping you informed on what's happening in our school.

### Operation Flinders

Mrs Peters and five students head off tomorrow on the Operation Flinders wilderness adventure programme. The eight day exercise in the far northern Flinders Ranges provides an opportunity for the participants to grow as valued members of the community. They will trek 100 km through the Flinders Ranges with the aim to develop personal attributes of self-esteem, leadership, team work and responsibility.

### Parent Teacher Interviews

As there are no written reports this term, for R-11 students, you are more than welcome to arrange an interview with your child's teacher or a particular staff member. Please contact the front office staff to arrange a time for this to happen.

### Subject Choice

A Career/SACE evening and subject choice meetings for 2015 year 10-12 students will take place early in Term 4. A letter will be sent home to parents outlining the process in week 1 of the term.

### Chicken Pox

Unfortunately we have recently had a number of students absent from school with the Chicken Pox. This is a highly contagious virus and effected students must be excluded from school until all blisters have dried (usually 5 days). If you suspect that your child/children may have Chicken Pox please seek medical advice.

### Parent/Caregiver Volunteers on Camps

Parents/Caregivers please be aware that if you intend on accompanying your child/children on any upcoming school camps or excursions that you must have a current Criminal History Screen from the Department of Communities and Social Inclusion. These forms can be obtained from the front office of the school. Please be aware that the approval process takes approximately 8 weeks. Should you have any queries in regards to this, please contact Kylie McFarlane in the front office.

### End of term

Term 3 finishes on Friday 26<sup>th</sup> September at 2:15pm.

### USA Update

Jan, Michael and Roly have made it safely to New York and are off to the Harbour High School today. Remember you can follow their blog to obtain updates on their adventure at [cowellusa.wordpress.com](http://cowellusa.wordpress.com) it all sounds very interesting so far.

Kind regards,

Bob Combes

## SCHOOL TRANSPORT POLICY REVIEW

Following the Minister's news release titled 'School bus services in regional areas to be reviewed' dated 26 June 2014, a review panel has been established to review the current *School Transport Policy*. The Policy includes information relating to bus services for regional students.

Approximately 16 000 students use school bus services daily, including students attending non-government schools. In order to review the current policy the review panel is relying on service users and stakeholders to provide feedback via an online survey.

It is expected that the survey results will identify common issues, including those, relating to bus services for regional students.

Interested individuals and organisations are invited to participate in the review process by completing the **online Survey** available at <http://www.decd.sa.gov.au/schooltransportreview2014>

The Survey will **close on 3 October 2014**.

The above website also includes the following information:

- School Transport Policy
- School Transport Review Terms of Reference
- Media Release 26/06/2014: School bus services in regional areas to be reviewed

### School bus services in regional areas to be reviewed

- School bus services in regional areas will be reviewed to ensure resources are allocated to help as many South Australian students as possible.
- With over 470 school bus services running across South Australia, catering for about 16,000 students on a daily basis, the review will investigate how regional students are catered for.
- Minister for Regional Development and Member for Frome Geoff Brock was instrumental in establishing the review.
- "Last year I put a motion to the parliament to have the current policy reviewed to reflect the educational needs of children in regional areas across the state," Mr Brock said.
- Led by the Department for Education and Child Development, the review will seek feedback from parents and students, schools, governing councils, principal associations and the education union, as well as non-government schools, bus contractor associations and owner operators.
- Education and Child Development Minister Jennifer Rankine said the review will explore common issues that have been raised about perceived inequalities in bus services for regional students.
- "The review will also look at how important these issues are in terms of what is working, community values and support, and what resources could be reconfigured to improve these services," Ms Rankine said.
- "When we came to Government in 2002, there were only four school buses with seatbelts. Now, it is anticipated that by the end of 2016 all school buses will have seatbelts and air-conditioning."
- The last time the School Transport Policy was reviewed was in 2006.
